EXPERIENCE

Marketing & Social Media Creative Intern

OLAVIN Corp.

JAN 2026 – APR 2026

- Designed 20+ publication materials for 5 small businesses (food and local service brands), supporting their social media presence through consistent and visually aligned content.
- Planned and organized weekly content (3–5 posts) for client pages, helping maintain active online presence and improving post consistency and audience interaction.
- Captured video content for 10+ promotional shoots as a videographer for 5 small businesses providing raw footage for use in social media and marketing campaigns.
- Developed a complete brand identity system for a startup client, including logo, typography, and visual guidelines. Applied across 15+ pre-launch social media posts and promotional materials to establish a cohesive visual direction before launch.

PROJECT

Online Management System for Orani District Hospital with Chatbot and Telemedicine

Capstone Project | Project Manager, UI/UX Designer, Documenter

FEB 2025 – OCT 2025

- Developed and managed a web-based online hospital management system featuring chatbot support and telemedicine registration, improving accessibility and efficiency of hospital services.
- Led end-to-end project development and UI/UX design, ensuring completeness and clarity across all project chapters, resulting in an 85/100 evaluation score in final defense.

JF Designs

Personal Brand Identity | Graphic Designer

FEB 2026 – APR 2026

- Developed a personal brand identity, including logo design, typography, color palette, and visual guidelines, establishing a cohesive and professional visual presence.
- Applied design principles and visual storytelling to create consistent branding across digital platforms and portfolio materials, enhancing brand recognition and credibility.
